Student Panhandle Research Grant

The mission of the Florida Native Plant Society (FNPS) is to promote the preservation, conservation and restoration of native plants and native plant communities of Florida. The FNPS Magnolia Chapter Panhandle Research Grant was established to support local undergraduate or graduate students in research related to the FNPS mission in the Florida panhandle and Big Bend (defined as from Escambia eastward to Hamilton, Suwannee, Lafayette, and Dixie Counties in Florida).

Panhandle Research Grant Description:

Up to \$500 is available to an actively enrolled, local undergraduate or graduate student of any institution of higher education to conduct research relating to the FNPS mission in the panhandle and Big Bend of Florida. The grant money is awarded on a reimbursable basis in increments not less than \$100 by completing the reimbursement form. Applications will be reviewed by the Magnolia Chapter's review committee. The grant winner will be announced by November 20, 2016. After the research is complete, the recipient is to provide the Chapter with a report describing the research and either a short oral presentation at a Chapter program meeting or a short written summary for posting on the Chapter web site and for other distribution.

Application Requirements:

- Completed application form – may be filled out using Adobe Reader “Sign” tool and saved.
- Support letter - a recommendation from a professional or academic reference.
- Research interest and plan – a one page outline and explanation of how funds will be used.

Applications are due by midnight on November 1, 2016. Send all application materials together to:

magnoliachapter@gmail.com and with “Panhandle Research Grant Application” in the subject field.
