

1. Indian Pink

2. Smooth Beardtongue

3. Coral Bean

4. White Wild Indigo

5. Carolina Wild Petunia

6. Florida Flame Azalea

7. Apalachicola Wild Indigo

8. Arrowwood Viburnum

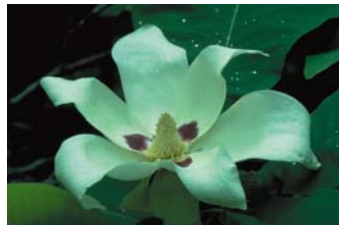

9. Smooth Solomon's Seal

10. Smooth Phlox

11. Rusty Blackhaw

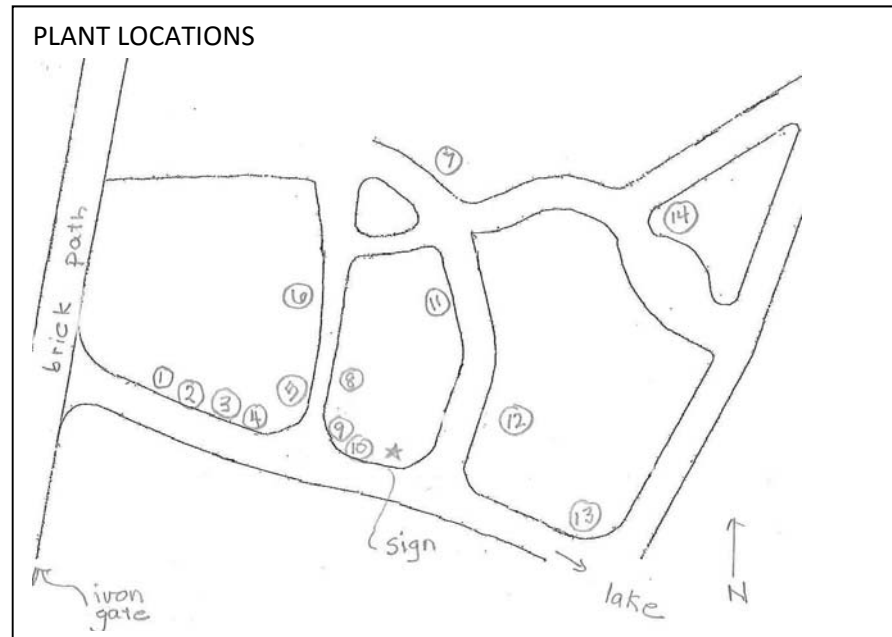

12. Ashe's Magnolia

13. Black-eyed Susan

14. Alabama Azalea

In 1985 Maclay Gardens State Park agreed to set aside a portion of the Park for the planting of native trees and wildflowers by the Magnolia Chapter of the Florida Native Plant Society. The resulting Native Plant Arboretum showcases species of the rich hardwood forests found on slopes in this portion of Florida where northern and southern species mingle at the limits of their respective ranges.

Plants Flowering in Maclay Gardens Native Plant Arboretum

April – June

Key to April-June Map (*=available from nurseries; R=listed as rare by state; RR=listed as rare by state and Federal government)							
map#	common name	scientific name	life form	family	range	habitat in FL	where to see
1	Indian pink*	<i>Spigelia marilandica</i>	perennial herb	Logania Family (Loganiaceae)	SE U.S.; FL panhandle	hardwood forests	Florida Caverns State Park
2	Smooth beardtongue	<i>Penstemon laevigatus</i>	perennial herb	Plantain family (Plantaginaceae)	eastern U.S.; FL panhandle	calcareous hardwood forests	Three Rivers State Park
3	Coral bean*	<i>Erythrina herbacea</i>	low deciduous shrub	Pea family (Fabaceae)	SE U.S.; all of Florida	pine/hardwood forests	Wakulla Springs State Park
4	White wild indigo*	<i>Baptisia alba</i>	large perennial herb	Pea family (Fabaceae)	SE U.S.; all of FL	moist areas near rivers	Three Rivers State Park
5	Carolina wild petunia*	<i>Ruellia caroliniensis</i>	perennial herb	Acanthus family (Acanthaceae)	eastern U.S.; all of FL	edges of pine/hardwood forests	common roadside plant
6	Florida flame azalea* (R)	<i>Rhododendron austrinum</i>	deciduous shrub	Heath family (Ericaceae)	eastern U.S. and Canada.; northern FL	rich hardwood forests	Torrey State Park
7	Apalachicola wild indigo (R)	<i>Baptisia megacarpa</i>	perennial herb	Pea family (Fabaceae)	AL, GA and FL panhandle only	hardwood forests	Torrey State Park-very rare
8	Arrowwood viburnum	<i>Viburnum dentatum</i>	deciduous shrub	Moschatel family (Adoxaceae)	eastern U.S.; northern FL	hardwood forest edges	Three Rivers State Park
9	Smooth Solomon's seal	<i>Polygonatum biflorum</i>	creeping perennial herb	Asparagus family (Aparagaceae)	midwest and eastern U.S.; northern FL	rich hardwood forests	Florida Caverns State Park
10	Smooth phlox*	<i>Phlox glaberrima</i>	perennial herb	Phlox family (Polemoniaceae)	midwest and SE U.S.; FL panhandle	calcareous hardwood forests	Florida Caverns State Park
11	Rusty blackhaw	<i>Viburnum rufidulum</i>	deciduous shrub	Moschatel family (Adoxaceae)	SE U.S.; northern FL	pine/hardwood forests	Torrey State Park
12	Ashe's magnolia* (R)	<i>Magnolia macrophylla</i> var. <i>ashei</i>	small deciduous tree	Magnolia family (Magnoliaceae)	FL panhandle only	rich hardwood forests	Torrey State Park
13	Blackeyed susan*	<i>Rudbeckia hirta</i>	perennial herb	Aster family (Asteraceae)	U.S. and Canada.; all of FL	open pinewoods	roadsides
14	Alabama azalea* (R)	<i>Rhododendron alabamense</i>	deciduous shrub	Heath family (Ericaceae)	SE U.S.; FL panhandle	rich hardwood forests	very rare in FL
